I have had some telecons with Tito and Kathy this morning and I have informed folks that is important that we be able to say something (quickly) in support of the State effort to reopen/flush the system. This is just a first cut and I am waiting to hear back from Kathy and Tito.

Here is something to get your thinking started on this fine Saturday morning. I am not a water or health guy, but you get the idea. Remember this is a State lead action and I believe they are looking for our support on their approach. Something like this may work.

Ex. 5 - Deliberative
